

# SSX EVO – Specifications

## Modbus Map RS485

**Modbus Address** (Default)100  
**Modbus Config.** 9600 8N1  
**Function** 0x03 (Read)

|                    |                | Units |         |        | Instant Value (INT) | Description  |
|--------------------|----------------|-------|---------|--------|---------------------|--|
| Variable           | Parameter      | Units | Format  | Factor | Address (DEC)       |  |
| <b>Status</b>      | STATUS         |       | UInt16  |        | 275                 | Bit 0: Breaker (1:ok, 0:fail)<br>Bit 1: Surge Protection (1:ok, 0:fail)<br>Bit 6: High Voltage Ok. (1:ok, 0:fail)<br>Bit 7: RS485 Ok. (1:ok, 0:fail) |
| <b>Temperature</b> | Temperature    | °C    | Int16   | x10    | 276                 | Device Temperature (°C)  |
| <b>Voltage DC</b>  | DC Voltage     | V     | Int16   | x1     | 277                 | Voltage DC (V)   |
| <b>Channel #1</b>  | DC Current S1  | A     | Float32 | x1     | 1284                | Current Channel 1 (A)  |
| <b>Channel #2</b>  | DC Current S2  | A     | Float32 | x1     | 1286                | Current Channel 2 (A)  |
| <b>Channel #3</b>  | DC Current S3  | A     | Float32 | x1     | 1288                | Current Channel 3 (A)  |
| <b>Channel #4</b>  | DC Current S4  | A     | Float32 | x1     | 1290                | Current Channel 4 (A)  |
| <b>Channel #5</b>  | DC Current S5  | A     | Float32 | x1     | 1292                | Current Channel 5 (A)  |
| <b>Channel #6</b>  | DC Current S6  | A     | Float32 | x1     | 1294                | Current Channel 6 (A)  |
| <b>Channel #7</b>  | DC Current S7  | A     | Float32 | x1     | 1296                | Current Channel 7 (A)  |
| <b>Channel #8</b>  | DC Current S8  | A     | Float32 | x1     | 1298                | Current Channel 8 (A)  |
| <b>Channel #9</b>  | DC Current S9  | A     | Float32 | x1     | 1300                | Current Channel 9 (A)  |
| <b>Channel #10</b> | DC Current S10 | A     | Float32 | x1     | 1302                | Current Channel 10 (A)   |
| <b>Channel #11</b> | DC Current S11 | A     | Float32 | x1     | 1304                | Current Channel 11 (A)   |
| <b>Channel #12</b> | DC Current S12 | A     | Float32 | x1     | 1306                | Current Channel 12 (A)   |
| <b>Channel #13</b> | DC Current S13 | A     | Float32 | x1     | 1308                | Current Channel 13 (A)   |
| <b>Channel #14</b> | DC Current S14 | A     | Float32 | x1     | 1310                | Current Channel 14 (A)   |
| <b>Channel #15</b> | DC Current S15 | A     | Float32 | x1     | 1312                | Current Channel 15 (A)   |
| <b>Channel #16</b> | DC Current S16 | A     | Float32 | x1     | 1314                | Current Channel 16 (A)   |
